**Opinion on Regulation (EU) 2025/40 of the European Parliament and of the Council of 19 December 2024 on packaging and packaging waste, amending Regulation (EU) 2019/1020 and Directive (EU) 2019/904 and repealing Directive 94/62/EC**

The Jokey Group is a supplier of polypropylene packaging materials within the meaning of Article 2(1)(1) and (16). With this declaration, the Jokey Group provides, in accordance with Article 16 of the aforementioned Regulation, the information required by the producer to demonstrate the conformity of the packaging and packaging materials with the Regulation.

### Heavy metals

The items mentioned comply with the requirements of Article 5(4) of Regulation (EU) 2025/40 on packaging and packaging waste (PPWR), which sets out the restrictions on hazardous substances in packaging. In accordance with Article 5(4), the sum of the concentrations of lead, cadmium, mercury and hexavalent chromium (Cr VI) in all packaging or packaging components must not exceed the limit of 100 ppm. The products are manufactured using materials and formulations that ensure compliance with these substance restrictions.

### Per- and polyfluoroalkyl substances (PFAS)

The articles mentioned comply with the requirements of Article 5(5) of Regulation (EU) 2025/40 on packaging and packaging waste (PPWR), which sets out the restrictions on hazardous substances in packaging. In accordance with Article 5(5), packaging that comes into contact with food must not exceed the following concentrations of PFAS from 12 August 2026:

- 25 ppb for each PFAS measured as part of a targeted analysis of PFAS
- 250 ppb for the total PFAS measured as the sum of the targeted analysis of PFAS
- 50 ppm for the total fluorine content

The products are manufactured using materials and formulations that ensure compliance with these substance restrictions.

### Validity

This declaration will be renewed in the event of changes to the legal framework, relevant secondary legislation or applicable interpretations, as well as in the event of significant changes to the composition or production.
